

Note: the EuGMS Congress will host 8 parallel rooms per day.
 3 parallel rooms to be live streamed during the Congress. Each live streamed session will be available on demand after the Congress
 5 parallel rooms will be available onsite only.
 Please check the updated scientific programme. All sessions in the Live Programme online are in CEST — Central European Summer Time (Valencia time).

Wednesday 18th								
	Auditorium 1 - 1480 seats Live streaming	Auditorium 2 - 465 seats Live streaming	Auditorium 3 - 260 seats Live streaming	Multi Purpose room 1A+C - 260 seats (Onsite only)	Multi Purpose room 1B+D - 200 seats (Onsite only)	Committee room 1+2 - 130 seats (Onsite only)	Committee room 3+4 - 100 seats (Onsite only)	Committee Room 8 - 120 seats (Onsite only)
08:30 – 09:30		SIG Big Data	SIG Pharmacology	SIG Long Term Care	SIG Geriatric Rehabilitation	SIG Patient Safety		
09:30 – 10:30		SIG Geriatric Emergency Medicine	SIG Gerontechnology and Digital Health	SIG Sarcopenia	SIG Palliative Care	SIG Diabetes	T&F on FRIDs	
10:30 – 11:30		SIG Cardiovascular Medicine	SIG Falls & Fractures	SIG Nutrition	SIG Dementia		SIG Infections & Vaccines	
11:30 – 12:30		SIG Comprehensive Geriatric Assessment	SIG Delirium	SIG Gerontology	SIG Biology of Ageing	SIG Gerodontology	SIG Systematic Review & Meta Analysis	
12:30 – 14:00	(Lunch for SIG members)							
14:00 – 15:15	PARKINSON'S DISEASE ACROSS THE SPECTRUM: PREVENTION, CURE AND CARE Chair: Ioannis Ellul, Greece, Rose Penfold, United Kingdom 1. Can cognitive enhancement prevent falls in Parkinson's? First report of results of the CHIEF PD trial Emily Hendersson, United Kingdom 2. The promise from new trials and emerging therapies for Parkinson's Disease Patrick Santens, Belgium 3. The use of sensors to support care in people with Parkinson's Disease Walter Maetzler, Germany	NEW MODELS OF GERIATRIC CARE Chair: Elisabet Sánchez, Ireland/Spain, Adam Gordon, United Kingdom 1. Emergency department interventions for older adults: acute care for frail older people "The English Experience" Simon Mooijaart, The Netherlands 2. Ageing in place: "The Danish experience" Karen Andersen Ranberg, Denmark 3. Frailty and integrated care programme for older people (ICPOP): "The Irish experience" Román Romero Ortuño, Ireland	ESCEO-EuGMS JOINT SYMPOSIUM "Osteoarthritis drugs in the aging population: Friends or foes?" Chair: Patrizia D'Amelio, Switzerland, Nick Harvey, United Kingdom 1. Prescription of osteoarthritis drugs in aging patients with increased risk of gastrointestinal adverse events Nicola Veronese, Italy 2. Prescription of osteoarthritis drugs in aging patients with increased risk of renal adverse events Philip Conaghan, United Kingdom 3. Prescription of osteoarthritis drugs in aging patients with increased risk of cardiac and cerebro-vascular adverse events Patrizia D'Amelio, Switzerland	WORKSHOP "TABOOS IN GERIATRICS" Discussants: Emil Lundgren, Denmark, Gabriela Ana Prada, Romania Chair: Patrizia D'Amelio, Switzerland, Nick Harvey, United Kingdom 1. Wet without choice 2. Let's talk about sex 3. Noone to talk to	SUBMITTED SYMPOSIUM - "BRAIN HEALTH SERVICES" Chairs: Tomas Welsh, United Kingdom, Pinar Soysal, Türkiye 1. What is Brain Health in 2024? Yaohua Chen, France 2. Brain Health Clinics – the future face of memory services? Dorota Religa, Sweden 3. The Brain Health ARC: Driving policy change and uniting researchers to tackle brain health challenges Terry Quinn, United Kingdom	SUBMITTED SYMPOSIUM - "Do we need different strategies for deprescribing medications in older people across different settings?" Chairs: Athanase Benetos, France, Danijela Gnjidic, Australia 1. Deprescribing in primary care Danijela Gnjidic, Australia 2. Deprescribing hypnotic drugs in the hospital setting François-Xavier Sibille, Belgium 3. Deprescribing cardiovascular medications in nursing homes James Sheppard, United Kingdom	ORAL COMMUNICATIONS Chairs: Francesco Mattace-Raso, The Netherlands, Sofia Duque, Portugal O-002 Assessing the prevalence and the underdiagnosis of aspiration pneumonia among older hospitalised patients with community acquired pneumonia using artificial intelligence algorithms - Alberto Martin, Spain O-003 Benefits and harms of antihypertensive treatment according to individual baseline risk: a modelling study in 5.5 million patient electronic health records - Ariel Wang, United Kingdom O-004 The white coat effect in older hypertensive outpatients: prevalence, correlates and association with syncope and fall risk - Giuseppe D'Amrosio, Italy O-006 The impact of cardio-geriatric integrated care on mortality and readmissions in older patients with Heart Failure. Results of a quasi-experimental study. - Tessa Mazarzone, Italy O-007 Optimizing Geriatric Diabetes Care: Deprescribing on Frail Elderly Patients in Luxembourg's Acute Geriatric Unit Care - Angel Chen Chim, Luxembourg	ORAL COMMUNICATIONS Chairs: Genc Burazeri, Albania, Nicolas Martinez-Velilla, Spain O-008 Founding of the 60+ Collaborative Learning University - Elif Güngör, Turkey O-009 The association of Internet use and health related quality of life and physical function in older adults: longitudinal analysis of a population-based cohort - Ana Rita Henriques, Portugal O-010 Rarer, safer and shorter urinary catheterisation: an interprofessional quality project - Océana Lacroix, Switzerland O-012 Developing an evidence-based Medical Student attachment in UK care homes - Kelly Millington, United Kingdom O-013 Similarities and Disparities in Ambulatory Care For Older Adults Across Europe: A Status Report By The PROGRAMMING COST Action 21122 - Karolina Piotrowicz, Poland O-014 Public Education Campaigns Reduce The Use Of Potentially Inappropriate Medications: Analysis Of The SaferMedsNL Campaign - Justin Turner, Australia
15:20 – 16:35	EVIDENCE-BASED MEDICINE IN COMMON CONDITIONS: WHERE ARE WE? Chair: Manuel Teixeira Verissimo, Portugal, Eveline van Poelgeest, The Netherlands 1. Atrial Fibrillation Timo Strandberg, Finland 2. COPD Esther Marco, Spain 3. The expanding role of SGLT2 inhibitors Isabelle Bourdel-Marchason, France	DEBATE "CONTROVERSIES IN DEFINING FRAILTY: PHENOTYPE OR FRAILTY INDEX?" Chair: Anne Marie De Cock, Belgium, Ellen Freiberger, Germany 1. Frailty index best Timo Strandberg, United Kingdom 2. Phenotype best Stefano Volpato, Italy	FFN SYMPOSIUM - "Forgotten fractures: improving recognition and treatment in geriatrics" Chairs: Annette Høyen Ranhoff, Norway, Alvaro Casas Herrero, Spain 1. Detection and treatment of vertebral and sacral fractures Opinder Sahota, United Kingdom 2. Detection and treatment of foot/ankle fractures Frede Frihagen, Norway 3. What do we do with rib fractures? (a personal story?) Anette Høyen Ranhoff, Norway	AUTONOMIC FUNCTION Chairs: Adrea Ungar, Italy, Davide Vetrano, Sweden 1. Orthostatic hypotension Frédéric Roca, France 2. Thermoregulation Sophie Bastijns, Belgium 3. Gastric motility Mariana Alves, Portugal	SUBMITTED SYMPOSIUM - AI in Geriatric Medicine Chairs: Giulia Ogliari, United Kingdom, Christoph Leinert, Germany 1. AI for Geriatric Care: The SURGE-Ahead Project Thomas D. Kocar, Germany 2. A Supervised Machine Learning approach to predict 30-day hospitalisation in community-dwelling older adults Prasad S. Nishtala, United Kingdom 3. AI for risk profiling of Geriatric patients in acute hospitals Regina Roller-Wirnsberger, Austria	SUBMITTED SYMPOSIUM "Multidomain interventions for dementia prevention from evidence to social implementation: an Asian perspective" Chairs: Hidenori Arai, Japan, Liang-Kung Chen, Taiwan Thomas D. Kocar, Germany 1. Multidomain interventions for dementia prevention from evidence to social implementation in Taiwan Chih-Kuang Liang, Taiwan 2. Multidomain Interventions for Dementia Prevention: A Singapore Perspective Reshma Merchant, Singapore 3. Multimodal Intervention Trial for the Prevention of Dementia (J-MINT) and its Social Implementation Takashi Sakurai, Japan	ORAL COMMUNICATIONS Chairs: Francisco José Tarazona Santabalbina, Spain, Paula Hickey, Ireland O-001 Effect of antihypertensive deprescribing on serious adverse events, mortality, and cardiovascular disease: Long-term follow-up of the OPTIMISE randomised controlled trial - James Sheppard, United Kingdom O-015 Assessing C-Reactive Protein and Altered Appetite as Early Markers of Prognosis in Older Adults Newly Diagnosed with Dementia: A 5-Year Follow-Up Study - Miguel G. Borda, Colombia O-017 Olfactory Deficits and Mortality Among Older Adults: A Mediation Model Approach - Ingrid Ekström, Sweden O-018 Experiences of Elder Abuse: A Qualitative Study with First-hand Perspectives from Victims with Dementia and their Next of Kin - Elida Roberg, Sweden O-019 Associations Between Wakefulness After Sleep Offset Latency and Cognitive Function among Community-dwelling Older Adults: an Examination by MCI Subtype - Georg von Fignerhut, Japan O-020 Predicting Incident Dementia Using Primary And Secondary Care Data From Electronic Health Records - Konstantin Georgiev, United Kingdom	ORAL COMMUNICATIONS Chairs: Helga Eyjólfssdóttir, Iceland, George Souli, Greece O-022 Impact of lower respiratory tract infections on older adults' health trajectories: a Swedish population-based cohort study - Giorgi Beridze, Sweden O-023 Acute Rehospitalisations among Care Home Residents aged 65+ Years – A Retrospective Register-based Population Study - Gitte Schultz Kristensen, Denmark O-024 Resuscitation discussions by geriatricians across Europe: substantial variation across countries exists - Johannes Trabert, Netherlands O-025 A cross-sectional sub-study of Advanced Care Planning for people living with parkinsonism in the PRIME Parkinson study - Alexandra Lindsay-Perez, United Kingdom O-026 Botulinum Toxin Underuse in Older Stroke Survivors With Spasticity: A Nationwide Population-Based Cohort Study - Rebecca Haddad, France O-027 A revised minimum data set to predict length of stay in post-acute geriatric rehabilitation services of Catalonia - Marco Initari, Spain O-028 The impact of a Virtual Reality video "Geriatric Rehabilitation from the Perspective of the Older Adult" on staff in geriatric rehabilitation - Anne Lubbe, Netherlands
16:45 – 18:00	KEYNOTE LECTURE "GEROSCIENCE: from biogerontology to clinical applications" José Viña, Spain Chair: Chenhui Chen, OPENING CEREMONY							
18:00 – 19:00	WELCOME RECEPTION							
Thursday 19th								
	Auditorium 1 - 1480 seats Live streaming	Auditorium 2 - 465 seats Live streaming	Auditorium 3 - 260 seats Live streaming	Multi Purpose room 1A+C - 260 seats (Onsite only)	Multi Purpose room 1B+D - 200 seats (Onsite only)	Committee room 1+2 - 130 seats (Onsite only)	Committee room 3+4 - 100 seats (Onsite only)	Committee Room 8 - 120 seats (Onsite only)
08:30 – 09:45	NEW BIOMARKERS FOR COMMON CONDITIONS Chair: Miguel Toscano, Portugal, Susan Shenkin, United Kingdom 1. Atypical clinical presentation of infectious diseases: How may biomarkers help? Claire Roubaud, France 2. Clinical use of biomarkers in Alzheimer's disease Dorota Religa, Sweden 3. New biomarkers in delirium Lucía Lozano, Spain	CONTROVERSIES IN ORTHOGERIATRIC CARE Chairs: Gülistan Bahat, Türkiye, Tahir Masud, United Kingdom 1. Updated evidence on management of anaemia in older adults with hip fracture Merete Gregersen, Denmark 2. Treatment of osteoporosis after a hip fracture: antiresorptive vs anabolic agents Teresa Pareja, Spain 3. Unrestricted weight bearing for all Frede Frihagen, Norway	ESW JOINT SYMPOSIUM "Impact and strengths of coalition partnerships to increase vaccination coverage rates" Chairs: Stefania Maggi, Italy, Sofia Duque, Portugal 1. Life-course vaccination and healthy ageing - empirical evidence Arjunima Himawan, United Kingdom 2. Key factors increasing vaccination coverage rates Jaime Jesus Perez Martin, Spain 3. Best practice example: insights from an immunisation coalition Mariano Votta, Italy Panel debate	GEI CORE CURRICULUM "Management of Type 2 Diabetes Mellitus in Frail Older Adults" Chairs: Anastasia Koutouri, Greece, Radhouane Goulaa, Tunisia 1. Adapting Diabetes Care Models for Frail Older Adults: Challenges and Solutions Karolina Piotrowicz, Poland 2. Integrating Nutritional and Lifestyle Interventions in T2DM Management for Older Adults Tajana Pavic, Croatia 3. Pharmacological Management of Type 2 Diabetes in Frail Older Adults: Balancing Efficacy with Safety Serdar Ozkok, Türkiye	SUBMITTED SYMPOSIUM "Defining, Creating, and Applying Learnings about Potentially Inappropriate Prescribing Cascades: Lessons from an International Research Collaboration" Chairs: Mirko Petrovic, Belgium, Nathalie van der Velde, The Netherlands 1. Defining the Distinction between Potentially Appropriate and Potentially Inappropriate Prescribing Cascades Antonio Cherubini, Italy 2. Creating the 2024 International Expert Panel's Extensive List of Potentially Inappropriate Prescribing Cascades through a Delphi Process Denis O'Mahony, Ireland 3. Applying Learnings about Potentially Inappropriate Prescribing Cascades at a Population Level Paula Rochon, Canada	SUBMITTED SYMPOSIUM - New national CGA Guidelines from Italy and Germany - a first step towards a common European Guideline? Chairs: Michael Denking, Germany, Alberto Pilotto, Italy 1. The Guideline on Comprehensive Geriatric Assessment (CGA) for the Older Persons: the Italian perspective Nicola Veronese, Italy 2. The German evidence-based clinical practice guideline for Comprehensive Geriatric Assessment in the inpatient setting: Now a reality Filippo Maria Verri, Germany 3. New national CGA-guidelines – are we ready for a shared European Guideline? Lone Winther Lietzen, Denmark	ORAL COMMUNICATIONS Chairs: Jerry Gasowski, Poland, Hanna Ohman, Finland O-035 Infection-Related Hospitalization Before and After Alzheimer's Disease Diagnosis - Heili Järvinen, Finland O-037 Prevalence and population attributable fractions of potentially modifiable risk factors for dementia in Canada: a cross-sectional analysis of the Canadian Longitudinal Study on Aging - Aaron Jones, Canada O-038 Association of Hearing, Vision, and Dual Sensory Impairment and Risk of Alzheimer's Disease - Blair Rajamaki, Finland O-039 Usefulness of Cerebrospinal Fluid Alzheimer's Disease Biomarkers in Older Patients: Evidence from a National Multicenter Prospective Study. - Decaix Théodore, France O-040 Nonpharmacological interventions to cognitive impairment: systematic review and Bayesian network meta-analysis - Luis Carlos Venegas Sanabria, Colombia O-041 Securing tomorrow's workforce: Factors influencing junior doctors' pursuit of geriatric medicine specialization - Lene Andersen, Denmark O-042 Efficacy and acceptability of interprofessional education in undergraduate healthcare professions students: focus on stroke management and rehabilitation - Celine Brendler-Spaeth, United Kingdom	ORAL COMMUNICATIONS Chairs: Hana Vankova, Czech Republic, Oliver Todd, United Kingdom O-029 Brushing Up On Oral Health: Improving Oral Health Practices in Geriatric Inpatients - Raiza Fernandes, United Kingdom O-030 Impact of elective colorectal cancer surgery on physical performance in older adults - Nicolas M Gonzalez-Senac, Spain O-031 The role of transurethral laser ablation (TULVA) of bladder tumour in comorbid elderly patients with non-muscle invasive bladder cancer (NMIBC): a European organisation for research and treatment of cancer (EORTC) risk- matched study - Oliver Dylan Hug, United Kingdom O-032 Blood based immune biomarkers associated with frailty in older patients with melanoma receiving checkpoint inhibitor immunotherapy - Estelle Tran Van Hoi, Netherlands O-033 Non-invasive vagus nerve stimulation in Parkinson's: assessing acceptability, safety, tolerance, and adherence in the AdVANSING-PD trial - Hilmar Sigurdsson, United Kingdom O-034 Gait speed is a predictor of long-term outcomes in older patients undergoing cardiac surgery - Caterina Salucci, Italy O-035 Older Patients' Expectations And Goals Of Care Regarding Kidney Transplantation And Dialysis – A Semi-structured Interview Study. - Marit Zuidema, Netherlands
09:45 – 10:30	INDUSTRY SESSION / COFFEE BREAK / SHORT POSTER PRESENTATIONS (MULTIPURPOSE ROOM 2) + INDUSTRY SESSION (MULTIPURPOSE ROOM 2)							

10:30 11:45	<p>CONFUSION AFTER FALLS Chairs: Jesper Ryg, Denmark, Zyta Beata Wojcisz, Poland 1. Could it be a subdural? Investigation and management of subdural haematomas (include epidemiology – risk of SDH with no clear trauma, presentations, operative vs conservative management) – development of European guideline David Shipway, United Kingdom 2. Could it be alcohol-related? The role of alcohol related brain disease in cognitive decline and falls Theofanis Tsevis, Sweden 3. Could it be brain injury? The impact of minor traumatic brain injuries following falls TBC</p>	<p>SESSION ON SIG UPDATES Chairs: Rebecca Dreher-Bruggmann, Switzerland, Stany Perkasas, Belgium 1. SIG on CGA "CGA: from the evidence to clinical decisions, personalized multicomponent interventions and guidelines" Alberto Pilotto, Italy 2. SIG on Dementia "New Horizons in Dementia in older people: In light of Dementia SIG activities" Pinar Soysal, Türkiye / Tomas Welsh, United Kingdom 3. SIG on Palliative Care "Advance care planning in older patients in the acute hospital in Europe, a one day cross sectional study by the SIG Palliative Care" Ruth Piers, Belgium</p>	<p style="text-align: center;">INDUSTRY SESSION</p>	<p>ECGI CORE CURRICULUM TESTOSTERONE DEFICIENCY IN OLDER MALES Chairs: Rui Buzaco, Portugal, Karolina Piotrowicz, Poland 1. Key concepts and clinical features Fatma Ögze Kayhan Koçak, Türkiye 2. Geriatric syndromes related to testosterone deficiency Ester Hoyos, Spain 3. Pro/Con session: To treat or not to treat? Moderator: Rui Buzaco, Portugal Debaters: Fatma Ögze Kayhan Koçak and Ester Hoyos</p>	<p>JOURNAL EDITORS' ROUND TABLE: HOT TOPICS IN ACADEMIC PUBLICATION Open discussion on the role of AI, massive and predatory journals, peer reviewing and other hot topics Chair: Alfonso Cruz Jentoft, Spain (European Geriatric Medicine) Discussants: - Joe Ouslander (Journal of the American Geriatrics Society), USA - Roy Soiza (Age and Ageing), United Kingdom - Stefania Maggi (Aging Clinical and Experimental Research), Italy</p>	<p>SUBMITTED SYMPOSIUM - Impact of pharmacological interventions in older adults with complex chronic conditions: results of the I-CARE4OLD project Chairs: Rosa Lipertori, Italy, Graziano Onder, Italy 1. Effect of antipsychotics on behaviour of residents in long-term care: propensity score analysis Daniel Eduardo da Cunha Leme, Canada 2. Impact of starting or stopping anticholinergic medications in older home care clients Daniela Falová, Czech Republic 3. Pain reduction after new opioid treatment in home care clients with complex chronic conditions Harriet Finne-Soveri, Finland</p>	<p>ORAL COMMUNICATIONS Chairs: Rainer Wirth, Germany, Lia Marques, Portugal O-043 Protein intake and mortality in older adults with chronic kidney disease: a multicohort population-based study - Giorgi Beritze, Sweden O-044 Prevalence of dehydration in older hospitalized patients with oropharyngeal dysphagia - Paula Viñas Beumala, Spain O-045 The role of protein intake distribution across meals in maintenance of physical performance and muscle strength in older adults: an exploratory study based on secondary data analysis of the Prevention Of Malnutrition In Senior Subjects in the EU (PROMISS) trial. - Hanneke Wijnhoven, Netherlands O-046 Feasibility of screening and prevention procedure for risks associated with dysphagia in older patients in geriatric units : the DYSFHAGING pilot study - Olivier Durlach, France O-047 Assessing the Applicability of the Mini Sarcopenia Risk Assessment Questionnaire in Turkish Older Adult Population: A Validation Study - ozlem yilmaz, Turkey O-049 DRIVEN Study: Relative Vaccine Effectiveness Of High-Dose Quadrivalent Influenza Vaccine Compared To The Standard-Dose Vaccine In Nursing Homes In France During The 2022/23 Season - Hélène Brécourt, France</p>	<p>ORAL COMMUNICATIONS Chairs: Adam Lelbach, Hungary, Yaohua Chen, France O-050 Predictors of mid- and long-term functional recovery in older patients with hip fracture: the role of key performance indicators - Marialucia Bursi, Italy O-051 A non-pharmacological intervention to reduce delirium after discharge/transfer of older adults - The TRADE study - Dhayana Dalmeier, Germany O-052 Patients with cognitive impairment and postoperative delirium after transcatheter aortic valve implantation (TAVI) - Madelon de Beer - Leentfaar, Netherlands O-053 The association between delirium and falls in older adults in the community: a systematic review - Charlotte East-Telling, United Kingdom O-054 Multicenter cross-sectional study on the prevalence of delirium in orthogeriatric units in Spain: «The DELFRA 24 study» - Neus Gual Tarrada, Spain O-055 Montreal Cognitive Assessment vs. Informant Questionnaire on Cognitive Decline in the Elderly as Diagnostic tools for Postoperative Cognitive Dysfunction - Theresa Kruck, Germany O-056 Is there hope after delirium? Long-term outcomes of older patients hospitalized for acute infection - Julia Minnema, Netherlands</p>	
11:45 12:00									
12:00 13:15	<p style="text-align: center;">INDUSTRY SESSION</p>					<p style="text-align: center;">INDUSTRY SESSION</p>		<p style="text-align: center;">INDUSTRY SESSION</p>	
13:00 14:00	<p>LUNCH & SHORT POSTER PRESENTATIONS (MULTIPURPOSE ROOM 2)</p>								
14:00 14:45	<p>KEYNOTE LECTURE Chair: Mirko Petrovic, Belgium "Artificial intelligence and older persons" Nuria Oliver, Spain</p>								
14:45 15:30	<p>SHORT POSTER PRESENTATIONS (MULTIPURPOSE ROOM 2) & INDUSTRY SESSION (MULTIPURPOSE ROOM 2)</p>								
15:30 16:45	<p>ADVANCED TECHNOLOGIES FOR OLDER ADULTS: FROM CO-CREATION TO ARTIFICIAL INTELLIGENCE (SIG) Chairs: Tische van der Cammen, The Netherlands, Karen Andersen-Ranberg, Denmark 1. New technologies in care for older adults: co-creation as the key to success Sławomir Tobis, Poland 2. Point-of-care ultrasound in geriatric care: utilization, impact, and geriatric perspectives Siri Aas Smedemark, Denmark 3. The interplay of AI and gerontechnologies Lorenzo Chiari, Italy</p>	<p>GEI SESSION "Initial Geriatric Assessment in different clinical settings - How to Start Comprehensive Geriatric Assessment? - 3 Successful Examples" Chairs: Athanase Benetos, France, Gullistan Bahat, Türkiye 1. CGA Assisting in Tailoring the Treatment in management of acute hip fracture patients Zeynep Fetullahoglu, Türkiye 2. Simultaneous evaluation of cardiovascular aging and frailty level for the management of older adults with neurocognitive and cardiovascular diseases Laure Joly, France 3. CGA Assisting in Tailoring the Treatment for Delirium Nenad Bogdanovic, Sweden</p>	<p>SIOG SYMPOSIUM - Geriatric Oncology: Implementation methods and role of CGA in the spectrum of cancer treatment Chairs: Claire Falandry, France, Biljana Petreska-Zovic, Northern Macedonia 1. Cancer and Aging Interdisciplinary Team (CAIT) Clinic - Development and Implementation of an Interdisciplinary Telemedicine Clinic for Older Patients Planned for Cancer Treatment Koshy Alexander, USA 2. Geriatric assessment and prehabilitation before cancer surgery Nina Ommundsen, Norway 3. Geriatric interventions to counteract adverse events in the cancer treatment trajectory Cecilia Lund, Denmark</p>	<p>WORKSHOP "BEHAVIOURAL SYMPTOMS IN THE CONTEXT OF DELIRIUM AND DEMENTIA" Discussants: Rafael Bieiza Galindo, Spain, Alexandros Kalamatas, Sweden 1. How to prevent behavioural changes 2. Dealing with Behavioural symptoms in acute care 3. Dealing with Behavioural symptoms in long term care</p>	<p>SUBMITTED SYMPOSIUM Falls prevention in acute care: Submitted symposium by EUGMS SIG Falls & Fractures Chairs: Jerzy Gazowski, Poland, Carmelinda Ruggiero, Italy 1. Prevention of falls in acutely admitted patients Alvaro Casas Herrero, Spain 2. Navigating Medication Review in Falls Prevention in Acute Care: A Clinical Perspective Sofie Jansen, The Netherlands 3. 'Front-Door' Comprehensive Geriatric Assessment for Older Patients Presenting to The Emergency Department with Falls, Faints and Dizziness Robert Briggs, Ireland</p>	<p>SUBMITTED SYMPOSIUM Poor appetite in older adults: Its measurement and impact on nutritional status Chairs: Dorothee Volkert, Germany, Lorenzo Donini, Italy 1. Comparison of appetite assessment methods in older adults from the APPETITE Study Pia Scheufele, Germany 2. Poor appetite as a screener for incident malnutrition Marjolein Visser, The Netherlands 3. Association of body composition with appetite and energy intake in older adults Katy Horner, Ireland</p>	<p>ORAL COMMUNICATIONS Chairs: Mohamed Salem, Malta, Anna Marie Hergelegiu, Romania O-057 The Relationship Between Ultrasound-Derived Anterior Thigh Muscle Thickness and Frailty in Older Adults - Esra Caltaltepe, Turkey O-058 Frailty, the surprise question and 1-year mortality in older patients with kidney failure - Imre Demirhan, Netherlands O-059 Impact of a home ergocycle exercise program on functional capacity and mobility of frail older people following cancer treatment - Gaëtan Gavazzi, France O-060 Intrinsic capacity using the WHO ICOPE (Integrated care for older people) framework in rural and urban Africa: cross-sectional evidence on prevalence, associated factors, functional outcomes and quality of life - Celia Gregson, United Kingdom O-061 Osteocalcin and Frailty in Older Community Dwelling Women - Tine Kolenda Paulin, Sweden O-062 Longitudinal Frailty Transitions in Adults Aging with Intellectual Disability - Aoife McFeely, Ireland O-063 Defining a Longitudinal Composite Score for Intrinsic Capacity in The Longitudinal Aging Study Amsterdam - Yuwei Qi, Netherlands</p>	<p>ORAL COMMUNICATIONS Chairs: Erec Predrag, Serbia, Katarzyna Sczerbińska, Poland O-064 Stronger together? Traits of well-being and successful ageing in older couples - Anna Rudzińska, Poland O-065 Ageing behind bars: the relationship between frailty and social vulnerability - Natalia Sanchez Garrido, Mexico O-066 Changes in body mass index is an independent risk factor for incidence of functional disability and all-cause mortality in older adults: the Shizuoka study. - Yasuharu Tabara, Japan O-067 Long-Term Trajectories of Peak Expiratory Flow Rate in Older Men and Women Show Linear Decline Mainly Determined by Baseline Levels - Natasja M. van Schoor, Netherlands O-069 Do centenarians make it to 100 by avoiding, delaying or surviving diseases? A comparison of somatic diseases between Swedish centenarians and non-centenarians over the life course - Yuge Zhang, Sweden O-070 Health Profile-Based Classification of Physical Activity Intensity in (Pre)Frail Older Adults in Rural China - Xin Zhang, Netherlands</p>	
16:45 17:15	<p>DIRECTOR'S CHOICE Chair: Nathalie van der Velde, The Netherlands The SMARTSTEP Trial Daina Sturniaks, Australia</p>								
<p>Friday 20th</p>									
	<p>Auditorium 1 - 1480 seats Live streaming</p>	<p>Auditorium 2 - 465 seats Live streaming</p>	<p>Auditorium 3 - 260 seats Live streaming</p>	<p>Multi Purpose room 1A+C - 260 seats (Onsite only)</p>	<p>Multi Purpose room 1B+D - 200 seats (Onsite only)</p>	<p>Committee room 1+2 - 130 seats (Onsite only)</p>	<p>Committee room 3+4 - 100 seats (Onsite only)</p>	<p>Committee Room 8 - 120 seats (Onsite only)</p>	
08:30 09:45	<p>UPDATE ON CLINICAL APPLICATIONS OF GUT MICROBIOTA Chair: Dora Religa, Sweden, Cristina Andrés Lacueva, Spain 1. Gut microbiota and immune dysfunction: The role of probiotics Jakub Ruszkowski, Poland 2. Gut microbiota in Parkinson's disease - from basic science to clinical applications Filip Scheperjans, Finland 3. The outcomes of the PROMOTE RCT and the role of gut microbiota in physical functioning and cognition Mary Ni Lochlainn, United Kingdom</p>	<p>ECGI "STEFANIA MAGGI AWARD" SESSION Chairs: Stefania Maggi, Italy, Karolina Piotrowicz, Poland 1. Efficacy of a Primary Care-led 3-month frailty multicomponent intervention to improve physical function. Interim analysis of a multicentre randomized clinical trial. The FRAILMERIT Study Cristina Gómez Ballesteros, Spain 2. P-tau217 Demonstrates Excellent Diagnostic and Prognostic Performance as a Blood-Based Biomarker for Alzheimer Disease in Older Adults Adam Dyer, Ireland 3. Neural correlates of frailty in cognitively healthy older adults: a multimodal imaging study Parrotta Ilaria, Italy</p> <p>Rotation Program short introduction/presentation Meltem Koca, Türkiye, Rui Buzaco, Portugal</p>	<p>EDA JOINT SYMPOSIUM "DEMENTIA AND DELIRIUM – TOWARDS JOINED UP THINKING" Chair: Maria Cristina Ferrari, Italy, Bjørn Erik Neerland, Norway 1. Distress, apathy, sleep disturbance: is delirium ignored in research on non-cognitive symptoms of dementia (BPSD)? Alessandro Morandi, Italy 2. Delirium, dementia, and frailty: unpicking "cognitive frailty" Suzanne Timmons, Ireland 3. Victims, villains and heroes: Influencing policy makers to improve the care of Delirium Superimposed on Dementia Elizabeth Sampson, United Kingdom</p>	<p>CARE AT THE END OF LIFE Chairs: Katarzyna Sczerbińska, Poland, Sylvie Bonin-Guillaume, France 1. Advance care planning: why, when and how Sarah Robben, The Netherlands 2. Symptom control in last month Maria Beatrice Zazzara, Italy 3. Symptom control in last days Maaike de Roo, Belgium</p>	<p>SUBMITTED SYMPOSIUM - EUGMS SIG on Pharmacology Symposium: Choosing Medicines Wisely Chairs: Martin Wehling, Germany, Eveline van Poelgeest, The Netherlands 1. Development Of An Evidence-Based Diuretic Deprescribing Clinical Practice Guideline Eveline van Poelgeest, The Netherlands 2. Optimizing Medication Use In Older People With Use Of TIME Criteria Serdar Ozkok, Türkiye 3. Represcribing. The FORTA-List As Clinically Validated, Easy-To-Use Tool Martin Wehling, Germany</p>	<p>SUBMITTED SYMPOSIUM - The future of geriatric medicine in Europe: thinking beyond workforce resilience in a changing global environment Chairs: Carly Welch, United Kingdom, Sami Loufi, Spain 1. Introducing "Generation Z Geriatricians": Exploring generational differences and the impact upon workforce in Spain Daniel Rosselló Jiménez, Spain 2. Lessons learned from over one year of industrial action in the United Kingdom: the "junior doctors' strikes" Katherine Chin, United Kingdom 3. The merits of a global workforce and challenges to retention of staff in countries without infrastructure for Geriatric Medicine George Soulis, Greece</p>	<p>ORAL COMMUNICATIONS Chairs: Lene Holst Andersen, Denmark, Alfonso Cruz-Jentoft O-078 Cerebral Hypoperfusion And Future Falls Risk Among Community Dwelling Older Adults with Orthostatic Hypotension - Paul Claffey, Ireland O-079 Functional assessment in elderly patients with hip fracture: correlation between the Barthel, FAC, and Neuro-Qol Lower Extremity Function-Mobility Computer Adaptive Test scales. - JAIME CORCUERA, Spain O-080 Early mobilization following hip fracture surgery and subsequent risk of infection - Thomas Hjeltholt, Denmark O-081 The osteoporosis treatment gap in people with parkinsons: results from the PRIME-UK RCT - Katie Naylor, United Kingdom O-082 Towards an Optimal Cardiovascular Fall Risk Assessment for Falls clinics - Anouschka Pronk, Netherlands O-083 Prevalence and causes of dizziness in an acute geriatric ward - Johannes Trabert, Germany O-084 Functional Performance 12 Months after a Severe Fall: Preliminary Results from the SeFallIED Study - Tania Zieschang, Germany</p>	<p>ORAL COMMUNICATIONS Chairs: Chrysanthos Zamboulis, Greece, Antonio Cherubini, Italy O-071 Does sleep apnea cause premature brain ageing? Cellular senescence induced by intermittent hypoxia. - Kiyoka Kinugawa, France O-072 Reproduction history and health-promoting behaviors are associated with successful aging and survival - Hanna Kujawska-Danecka, Poland O-073 Neutrophil gelatinase-associated lipocalin (NGAL) is associated with muscle mass decline in a 10-year longitudinal study of older adults with type 2 diabetes - Serena Low, Singapore O-074 Genetics of healthy longevity - Aleksandra Mamchur, Russian Federation O-075 Dose-response relationship of resistance training and the effects on circulating biomarkers of inflammation or neuroplasticity in older adults: A Systematic Review and Meta-Analysis - Orgesa Qipo, Belgium O-076 Biological age acceleration and mobility across adulthood in the INSPiRE Translational Human Cohort - Juan Luis Sánchez, France O-077 Sex differences in the association between plasma osteopontin and 2-year global and cardiorespiratory outcomes in older patients screened for CKD: a secondary analysis of the SCOPE study. - Luca Soraci, Italy</p>	
09:45 10:30		<p>9:45-10:15 Nutrition Research Grant Project – Award Ceremony</p>	<p>COFFEE BREAK / SHORT POSTER PRESENTATIONS (MULTIPURPOSE ROOM 2)</p>						
10:30 11:45	<p>UPDATED CLINICAL TRANSLATIONAL APPLICATIONS IN OLDER ADULTS Chair: Antonio Cherubini, Italy, Lynne Cox, United Kingdom 1. Modulation of the receptor RAGE to control pathological and physiological aging Eric Boulanger, France 2. Aging hallmarks, biomarkers, and clocks for personalized medicine: (re)positioning the limelight M. Cristina Polidori, Germany 3. Centenarians: a hallmark for regenerative medicine Consuelo Borrás, Spain</p>	<p>ADVANCEMENTS IN LONG-TERM CARE: RESEARCH, CHALLENGES, AND INNOVATIONS Chairs: Rebecca Dreher-Bruggmann, Adam Gordon, United Kingdom 1. Current Trends and Challenges in Long-Term Care Research Joe Ouslander, USA 2. Innovations in Providing Quality Care in Long-Term Care Facilities Ellen Vlaeyen, Belgium 3. Strengthening Geriatric Expertise in Nursing Homes Flaka Sliqca, Switzerland</p>	<p style="text-align: center;">INDUSTRY SESSION</p>	<p>INTRINSIC CAPACITY & REHABILITATION Chairs: Barbara Machado Malgahes, Switzerland, Ivan Bautmans, Belgium 1. WHO model of Intrinsic Capacity Marcin Grabowski, Switzerland 2. Models of Geriatric rehabilitation across Europe Stefan Grund, Germany 3. New approaches to Geriatric rehabilitation Maria Victoria Farré-Mercadé, Spain</p>	<p>EUGMS EUROPEAN PROJECTS TOOLS FOR TRAINING & KNOWLEDGE TRANSFER IN GERIATRICS - FROM RESEARCH TO PRACTICE Chairs: Graziano Onder, Italy, Georg Ruppe, Austria 1. Tailoring training tools for health care professionals in the nursing home setting. A collaborative approach between end-users and researchers (IMAGINE) Ana Garcia-Sangens, Spain 2. AI derived prognostication of functional outcomes and treatment impact in older persons on an interactive platform-how to educate clinicians? The ICARE 4 OLD project (I-Care4Old) Hein v.d. Hout, The Netherlands 3. Addressing the multimorbid patient with chronic long-term conditions: The value of stakeholder engagement and patient empowerment (AFFIRM) Guendalina Graffigna, Italy and Caterina Bosio, Italy</p>	<p>SUBMITTED SYMPOSIUM - Gerontechnology and Digital Health to Facilitate Healthy Ageing and Address Complex Needs in Older Adults Living with Cognitive Impairment Chairs: Sławomir Tobis, Poland, Siri Aas Smedemark, Denmark 1. Validation of GaitKeeper- an artificial intelligence-based gait analysis solution to support the diagnosis of Motoric Cognitive Risk syndrome Sean P Kennelly, Ireland 2. Feasibility of Virtual Reality to enhance cognitive functions among older adults with mild cognitive impairment. Jose Ferrer Costa, Spain 3. The perception of persons with cognitive impairment on interaction with humanoid robots Sofia Vikström, Sweden</p>	<p>ORAL COMMUNICATIONS Chairs: Cavdar Sibel Hıgan, Türkiye, Stefan Grund, Germany O-011 Beliefs and perceptions of caregivers regarding the use of physical restraints. - Vicente Lavilla Lavilla, Spain O-085 IAGG eTRIGGER: A novel online training programme for healthcare professionals working with older adults - Fiona Earnot, France O-086 Impact of a multicomponent physical exercise program on falls in older adults. A real-life study - Cristina Gómez Ballesteros, Spain O-087 Efficacy of a Primary Care-led 3-month frailty multicomponent intervention to improve physical function. Interim analysis of a multicentre randomized clinical trial. The FRAILMERIT Study - Rubén Alcantud Córcoles, Spain O-088 Environmental factors contribute more variance than genetics in rapid change in frailty over time - Ruth Bowyer, United Kingdom O-089 Multicomponent Body Composition Profiles are Linked to Epigenetic Clock and Physical Performance. - Emmanuel Gonzalez-Bautista, France</p>	<p>ORAL COMMUNICATIONS Chairs: Gaëtan Gavazzi, France, Stephen Lim, United Kingdom O-090 A Transitional Care Program Based On A Multicomponent Intervention Reduces Multidimensional Frailty in Hospitalized Older People: The PRO-HOME Project - Wanda Morganti, Italy O-091 International Validation Of The Short Version Of The Multidimensional Prognostic Index (BRIEF-MPI): Preliminary Findings From The Multicentre European BRIEF-MPI Study - Wanda Morganti, Italy O-092 The Dizziness Handicap Inventory score in geriatric ward patients with chronic vertigo is associated with Geriatric Depression Scale results and the objective functional parameters of gait and balance. - Marcin Warpechowski, Poland O-093 Did COVID-19 Impact Upon Sleep In Europe? Prevalence Of Sleep Disruption, Sleep Medication Use And Daytime Napping Or Resting In Middle-aged And Older Adults Before And During The Pandemic. - Rónán O'Caoláin, Ireland O-094 Anticoagulant treatment and COVID-19 mortality among older adults living in nursing homes in Sweden - Christian Molnár, Sweden O-095 The impact of COVID-19 Lockdown Measures on Cognition and Physical Function of Older Adults in Long Term Care Facilities: A Systematic Review - Suzanne Timmons, Ireland O-096 Associations Of Frailty And COVID-19 Disease Severity With Long-Term Health Outcomes Of COVID-19 Among Older People - Bas F.M. van Raaij, Netherlands</p>
